

PRESIDENT'S MESSAGE

Adam Schildmeier, P.E.

Fall has always been my favorite time of year. Football, apple cider, haunted houses, pumpkin pie, fall festivals, corn mazes, and that beautiful fall foliage. OK, so some of that is only up north but, like many a transplant, I've grown to appreciate Florida's transition to fall just the same. Thankfully those evening breezes are back and I'll take the Indian River over the Geist Reservoir in Indianapolis any day of the week.

Our chapter has been through a lot the past two months. The first ever "happy hour-only" event was a smashing success. A few attendees hadn't been to a meeting in years and enjoyed catching up while the event also attracted a few new members to our ranks. The attendees appreciated that there wasn't a food cost to bear thanks to Creech Engineers' sponsorship.

Also, the 25th Annual Golf Tournament was a big hit despite getting rained out after 9 holes. The chapter raised a little over \$2,500 for our MathCounts and Scholarship funds with your sponsorships and participation, on the course and in the raffle. Congratulations to the Culpepper Team for winning First Place Gross, the Milestone Team for winning First Place Net, and the City of Port Saint Lucie Team for winning Second Place Net.

Special thanks go out to the Tournament Sponsors:, Ardaman Engineering, PSI

Engineering, Culpepper and Terpening, Creech Engineers, Dunkelberger Engineering & Testing, CAPTEC Engineering, Gulfstream Business Bank, Andersen Andre Consulting Engineers, Milestone Construction, FPL, Reprographic Solutions and the Santa Lucea Golf Club at Ballantrae for hosting the event.

This month we transitioned back into a dinner meeting format on November 8th. Glen Gareau, P.E. from SFWMD gave a great presentation on the State-wide Stormwater Rule that will be coming soon and the differences from what we had anticipated only a couple years ago on the same subject. Don't forget this is also Shrimp Boil month as well so keep November 29th open!

Calendar of Events for Upcoming Months

COMMITTEE CHAIRS

FES is a member driven organization. Our volunteers steer the Society in the best direction. Ideas and programs are created at the committee level and impact the organization at each level. Becoming part of a FES committee is very simple and rewarding.

We have several new volunteers, however, we still need a few more for our State Committees. For further details on a specific committee, or if you are interested in volunteering for any of these committees, please contact Adam Shildmeier at (772) 283-1413 or President@tcfes.org.

In addition, please thank your fellow members who are volunteering their time to make a difference.

Society News | 2013 PE Legislative Days

Professional Engineer Legislative Days

Hosted by the Florida Engineering Society & Florida Institute of Consulting Engineers

February 5-6, 2013 - Tallahassee, FL

Professional Engineer Legislative Days is the foremost legislative conference for Florida's engineering industry. It offers professional engineers the opportunity to promote and defend key issues at the Capitol.

During this event, you will have a chance to visit the Capitol and meet with your Florida Representatives and Senators. You will gain political allies who will produce legislative results for engineers statewide.
