June 2022	Golf Tournament
July 2022	Fishing Competition

Message from the President Greetings TCFES,

In high school, I was involved in the Reserve Officer Training Corp (R.O.T.C.). While enrolled, I met someone who would have a very large impact on my life. He always held everyone around him to extremely high standards and would introduce the phrase “Ductus Exemplo”. This phrase is Latin for leadership by example. I believe that Engineer’s apply this to every aspect of their life, be it from the tiniest of repair jobs to volunteering for their kid’s baseball team.

E-week is no better time to recognize the leadership roles Engineer’s take on every day. At the cook-out this year we will recognize two Engineers who exemplify standard. In May, we will recognize local high school and college students looking to join the elite ranks of the engineering profession. I look forward to seeing everyone out our upcoming events to recognize the efforts and achievements of these deserving individuals.

Best Regards,

**Steven Frink, E.I. —
FES Treasure Coast Ch., President**

E-Week BBQ

Join us for our annual E-week event. We will be meeting again at Sandsprit Park, located at 3443 SE St Lucie Blvd in Stuart

The Board will be providing hamburgers and hotdogs with beer being provided too. Food will cost \$10 with kids eating free.

Event starts at 12:00 pm and we look forward to seeing you there.

When: **Saturday, February 26, 12:00-3:00 PM**

Where: **Sandsprit Park, Pavilion #3**

Address: **3443 SE St. Lucie Blvd, Stuart, FL 34997**

Upcoming Event — Scholarship Awards Ceremony

It's so important to the Engineering Community to encourage and help the students striving to one day join the ranks of the Engineering Profession. One of the ways FES does this is by providing Scholarships. This year, the Treasure Coast Chapter was able to provide four \$1,000 scholarships to local students studying Engineering.

When: **Thursday, May 12, 2022**

Where: **TBD**

Upcoming Event — Annual TCFES Golf Tournament

The golf tournament is coming back for another year and bigger than ever! Please mark your calendars as we are scheduling to tear up the course in **June**. More details to be provided at a later date.

Upcoming Event — Fishing Competition

The annual Fishing Tournament is back on this **July** so be on the lookout for more information about it.

NSPE Code of Ethics

Engineering is an important and learned profession. As members of this profession, engineers are expected to exhibit the highest standards of honesty and integrity. Engineering has a direct and vital impact on the quality of life for all people. Accordingly, the services provided by engineers require honesty, impartiality, fairness, and equity, and must be dedicated to the protection of the public health, safety, and welfare. Engineers must perform under a standard of professional behavior that requires adherence to the highest principles of ethical conduct.

Fundamental Canons

Engineers, in the fulfillment of their professional duties, shall:

- Hold paramount the safety, health, and welfare of the public.
- Perform services only in areas of their competence.
- Issue public statements only in an objective and truthful manner.
- Act for each employer or client as faithful agents or trustees.
- Avoid deceptive acts.
- Conduct themselves honorably, responsibly, ethically, and lawfully so as to enhance the honor, reputation, and usefulness of the profession.

The FES Mission Statement

The mission of the Florida Engineering Society is to support engineering education, advocate licensure, promote the ethical and competent practice of engineering and enhance the image and well-being of all engineers in the state of Florida; and furthers the public's knowledge and understanding of the importance of the profession.
